

CANDIDA QUESTIONNAIRE

The total score will help you and your physician decide if your health problems are yeast-connected. **
Yeast-connected health problems are almost certainly present in women with scores over 130 and in men
with scores over 140.

** Yeast-connected health problems are possibly present in women with scores over 60 and in men with
scores over 40.

** With scores of less than 60 in women and 40 in men, yeast is less apt to be the cause of health
problems.

Scores in women will run higher, as seven items in the questionnaire apply exclusively to women, while
only two apply exclusively to men.

Section A: History

Instructions: For each yes answer in section A, Circle the Point Score in that section. Total your
score and record it in the box at the end of the section. Then move on to Sections B and C,
scoring as directed.

1. Have you taken tetracycline (Sumycin, Panmycin, Vibramycin, Minocin, etc.) or 50 other
antibiotic for acne for 1 month or longer?
